Portable Low Voltage Work Light For Hazardous Areas

Key Features

- EEx Approved for Zone 1 Areas
- Safe 24V Operation
- Versatile
- Large Area Lighting
- Self-contained Kit
- Zone 1 Transformer powers 4 Lights
- Tough and Durable
- Waterproof

Key Applications

- Oil Refineries
- Offshore Platforms
- Tank and Vessel Cleaning
- Tank Painting
- Shot Blasting
- Confined Spaces

The Slam Hornet 24V Kit uses the highly successful Slam Hornet 2 x 36W EX Worklights coupled with a lightweight portable Zone 1 110V-24V transformer. The system is designed for use in explosive atmospheres where low voltage equipment must be used for safety reasons eg. inside vessels. The transformer is fitted with 4 x Ex socket outlets allowing four worklights to be connected. The kit is supplied ready to use with four Slam Hornets, each with 20m braided cable and an Ex plug, and one transformer with 15m of braided cable and Ex plug and 4 x 24V socket outlets. Cable lengths can be specified differently to suit user requirements.
